Annual Requirement of Kerosene Oil

1990. SHRI ANANTA SETHI: Will the Minister of PETROLEUM AND NATURAL GAS be pleased to state:

(a) the estimated annual requirement of Kerosene oil in each State and actual Central allocation made during the last three years;

(b) whether the Government of Orissa has been demanding additional allocation of Kerosene to the State; and

(c) if so, the steps taken by Government in that direction in 1998-99?

THE MINISTER OF STATE IN THE MIINSTRY OF PETROLEUM AND NATURAL GAS (SHRI SANTOSH KUMAR GANGWAR): (a) Kerosene is an allocated product State-wise SKO allocation made during the last three years (1995-96; 1996-97; & 1997-98) is given in the Statement (*see* below).

(b) and (c) Allocation of kerosene is made State/UTs on historical basis of past year supplies and consumption and additional allocation out of increased incremental quantity permitted in a year, on the basis of a formula, giving higher increase to those States having lower per capita availability, so as to reduce inter-State disparity over the years. Requests are received from State Governments from time to time for additional allocation of kerosene. However, on account of constraints of product availability, foreign exchange and heavy subsidy involved, it has not been possible to meet the full demand of the States. Nevertheless, a 3 pet cent increase was given in the allocation from 1993-94 onwards till 1997-98 over the previous years for the country as a whole. It has been decided to give an overall increase of 8.5 per cent during the year 1998-99 over the previous year, giving a one time high increase to five States having much lower per capita availability compared to most of the States, and normal increase to the other States. Accordingly, a very high increase of 32.19 per cent, indeed the highest, has been made in the allocation of kerosene to the State of Orissa for the year 1998-99. This increase amounts to an additional quantity of 77096 MTs over the year 1997-98. The per capita availability in Orissa is increased to 10 KG/Annum from 7.56 KG/Annum.

Statement

State-wise SKO allocation for the years from 1995-96 *To* 1997-98)
